this book is about transformation of an individual family community and the nation it provide background on how the  
development and present condition of economy various denominations poverty education health form of government leadership  
corruption greed gossip communism pursuit of happiness and personal development progressed benchmark was established for  
every area of development but not on personal development or relationship to fellowmen and especially to god almighty  
stupidity of human being is very apparent as recorded on many thousand years past romans 7 15 19 explained why human  
being will remain slave in committing stupid things for the rest of one s temporary life with the information age ignorance is so  
widespread even in any considered developed countries what more on underdeveloped and developing countries being human  
is not always acceptable to commit the same mistake but will be eliminated if one s mind will be fully developed and pursue the  
mind to be healthy for healthy mind is the source of attaining stability and happiness in life new perspective in life will be  
developed to better and improve oneself that others may be touched and affected in one way or the other thus this book is  
worth to read and share with others

the expanding family life cycle gives readers a solid understanding of human development and the life cycle featured are a

groundbreaking integration of individual development within a systemic context discussion of the increasing racial ethnic and cultural diversity across the life cycle in the united states today life cycle perspectives on lgbt issues alcohol sexuality migration social class violence in the family and assessment of home place as fundamental to clinical work this edition moves from society s general orientation of nuclear families to consider a more diverse and inclusive definition of society s rapidly changing family patterns one that considers among other things that the life cycle time frame itself has been expanding as people live longer and the patterns of coupling and child rearing continue to change also explored are the impact of issues at multiple levels of the human system and the individual family households extended family community cultural group and the larger society included are new chapters on sexuality over the life course mental health as well as physical health in life cycle perspective and friendship through the life cycle
